GRAVE OF THE MONTH/OCTOBER 2026
John Titchener 1832-1910

John was born in Bishopstone, Wiltshire in 1832. He was the son of William Titchener and Susannah née Keen. He had 7 brothers and sisters. His father William was the publican of The Gun public house, Newbury, at the time of the 1861 census. William married Elizabeth Fowler in January 1857 and they had 3 daughters and 2 sons. John was also the publican of The Gun pub at the time of the 1881 and 1891 census.

The pub was often used to hold local coroners' inquests. A few months before the 1891 census an inquest was held there into The Warren Farm shotgun deaths. The farm was demolished and is now the site of Warren Road near to Park House school. John died on the 25th October 1910 and was buried in Newtown Road Cemetery on 28th October.

This is his death certificate.
